

THE VALUE OF ENTRUSTING YOUR BENEFITS PROGRAM TO PORTICO

Benefits Administration Support

Benefits administration can be a significant drain on you and your staff. Portico offers you a unique one-stop benefits administration experience for your employees' health, retirement, disability, and survivor benefit plans.

Our comprehensive benefit program and full range of administrative services – at no additional charge to your organization – save you valuable time and resources. We administer your benefits; you focus on your ministry.

What Portico Does for You

Your benefits are administered by a trusted ELCA partner and built into your benefit costs. Our benefits professionals:

- **Relieve much of the burden from annual enrollment to plan administration.**
- Offer benefits programs to **support your efforts to hire and retain** key staff needed to drive your ministry.
- **Help you minimize risk** by using a compliant benefits administration process.
- **Deliver a technology platform** that is designed to offer a secure and convenient experience.
- **Serve** as a benefit resource for you, as needed.
- **Strive to keep health cost increases predictable** by leveraging a large, national pool.
- **Provide convenience, accessibility, and member engagement** that may be difficult for small organizations to achieve alone.

**YOU CAN DO MORE WITH PORTICO
AS AN EXTENSION OF YOUR TEAM**

Specific Services

As part of your benefits program, we provide a broad suite of services.

Third-Party Provider Management – from contracting to data feeds, usage trends, and service level monitoring.

New Employer Group Onboarding and Plan Set-up – including benefit education, member enrollment, and the option to integrate with your payroll system, as needed.

Comprehensive Cloud-Based Technology Platform – supports benefits administration, online annual enrollment, and third-party provider integration.

Employer Tools and Resources – an award-winning Customer Care Center coupled with reporting, analytics, self-help service, and the support of a regional outreach representative.

Compliance Management – help you with your benefit compliance requirements including ACA mandated benefits and required annual notices to members.

Data Aggregation, Billing, and Reconciliation – including contribution calculations, reconciling all carrier / vendor bills to help ensure proper billing, flexible employer payment options (online or paper), and employer and member invoicing.

Member Engagement – including whole-person well-being education, custom communications, member-accessible online resources, and financial guidance from in-house financial planners.

Annual and New Member Enrollment – with decision-making support from our Customer Care Center and in-house financial planners.
